• WHO ARE WE ?

The family Spiridon believes that all projects and ideas could be materialized. We are convinced that originality and quality are not exclusive and that these are two key elements when designing your interiors. That is why we offer a wide range of lightings and the possibility to produce your own personalized chandeliers.

In addition to the collection displayed, any of our model can be modified upon your request. Helped by young designers, our team supports you for any tailor-made product and will guide you through all the step of the creation. Moreover, we offer to the architects and to our professional partner all the help they are needing to make their project a success.

Constantly looking for a perfect consumer experience, we engage ourselves to require from our workshop a dedicated work. Thanks to an exigent selection of our raw materials, the quality of the artisanal manufacture of our products is guaranteed. Our close relationship with our partners allows us to answer quickly to any of your specific needs.

About COROLLE...

COROLLE constitutes a particular universe in our collections: imagined by our studio like a harmonious set of wall lights, suspended lights or table lamps that evokes a delicate romanticism.

Available in matte or glossy version to best suit to your interior, COROLLE will create a scintillating atmosphere created by a multitude of glass petals, delicately assembled upon a fine metal structure, invisible to the eye.

That's luminous. That's near magnificent. With COROLLE, simply be dazzled !

CLEAR

MAT

The main characteristic of our **COROLLE** luminaire family is that it consists of an assembly of a multitude of crowns of glass flower petals, held on a nickel-plated metal structure by a small transparent glass bead.

Two finishes are available for each model of the **COROLLE** family:
WB (clear) and **WM** (mat)
